

Dear Parents/Guardians,

Dufferin-Peel CDSB will be offering 25 online courses to their day school students for the 2017/2018 school year. These courses are taught remotely through a secured learning management system whereby student and teacher will be communicating through a networked computer. There are no physical classrooms in an eLearning course. Students will be provided with a location and access to a networked computer in their school during their assigned eLearning period. It is a student's responsibility to arrange for the proper technology outside of school.

Completion of this registration form requires both you and your teen to read through pertinent information on the school board web site before returning the signed form to a guidance counsellor. **All material is located on the Dufferin-Peel website under the student tab (eLearning).** <http://www.dpcdsb.org/cec/Programs/eLearning>

Please ensure you have read each of the following on the website:

- a) **Student questionnaire**
- b) **Parent notification**
- c) **Orientation**
- d) **eLearning guidelines**
- e) **Desktop guidelines**

Please note:

- it is expected that students who register for an online course will attend the orientation session;
- students may enroll in a maximum of one eLearning course per semester;
- eLearning courses are available to a day student who has an aptitude and preference for this form of learning;
- students require the approval of their guidance counsellor to apply for a Dufferin-Peel online course.

For any questions or clarification, please contact your school's Guidance Department.
