NEWSLETTER FOR ALL GRADE 8 STUDENTS

November 4, 2013

Dear Students/Parents/Guardians:

As you prepare to transition to secondary school, this letter provides information regarding transportation services for secondary students. The policy of the Dufferin-Peel Catholic District School Board is to provide transportation services for all secondary students who reside more than 4.8 kms from their designated secondary school, or for students who reside more than 3.2 kms from their designated school in communities with no public transit service. All transportation services are provided by STOPR (Student Transportation of Peel Region).

Students/parents may determine eligibility for transportation by accessing the STOPR website at www.stopr.ca and entering the student's address and program information. It should be noted that reassessments of temporary transportation services are conducted each spring. In this regard, eligibility for transportation should be checked in January and again in July to ensure that transportation services are available. For those students who are eligible for transportation, students/parents may access specific bus route information, including stop location and pick up and drop off times, on the STOPR website during the last week prior to the school year start. It will be necessary to have the student's Ontario Education Number (OEN) in order to access specific student transportation arrangements. (The OEN number is identified on student report cards.)

Substantial information is available regarding transportation services on the STOPR website at www.stopr.ca and additional information is available by calling 905-890-6000 (or toll free at 1-800-668-1140).
