	Special Guest – Trustee Sharon Hobin	
IS	<ul style="list-style-type: none"> • Consent letter went out to parent community; originally intended to promote testing at schools; working with Health Dept to conduct during school hours ad host vaccine clinics but this is not feasible; created a lot of confusion • Peel Public Health is already running various clinics elsewhere, not sure if there are enough available nurses to oversee and Board doesn't want to collect this information which was communicated back to Director of Education • If parents want child to be vaccinated, they would have to come to the school and escort their child down to the gym or where clinic is being hosted, which is what they did in Miss. North and was successful; but the Ministry messed things up when they sent out that consent form which created a lot of confusion; our school will not be participating in this • Reminder to vote in June election and make decision based on what's best for you child and not on current politics • Currently experiencing driver shortage with buses, leading to route cancellations • Have requested Ministry to assist with absence reporting as so far only the school is reporting such, an absence is an absence, not necessarily covid related • Talking to the Minister on Tuesday to try and push for extra curricular activities to resume within schools; looking at getting volunteers back into school as well and will ask about lunch programs
