

May 11, 2022

There has been an update to the provincial [COVID-19 School and Child Care Screening Tool](#) regarding masking for close contacts, as well for individuals who have COVID-19 symptoms. This is noted at the end of the screening tool.

Updates to federal travel restrictions as of April 25 include the removal of the requirement for masking for fully vaccinated individuals returning to Canada and removal of the testing requirement for unvaccinated children aged 5-11 who accompany fully vaccinated travelers.

[Check the Government of Canada website for more information.](#)

For your information and reference.
