

May 29, 2018

The Dufferin-Peel Catholic District School Board is pleased with the Ministry of Education's recent funding announcement of \$3.7M for St. Cornelius Elementary School. The scope of the work approved by the Ministry includes:

- Construction of a two (2) story, eight (8) classroom addition and;
- Investigation of, and potential improvements to, the parking lot and kiss and ride.

The firm of Allen and Sheriff Architects was recently retained by the Board to refine the scope of work, as well as design and develop the schedule for this project.

Once the design, permit and work schedule have been finalized, with any known impacts to students and staff at St. Cornelius, we will provide further information and updates. While the project is currently in its initial phase, we are committed to providing the school community with regular updates throughout the process.

Please note that this and future Community Information Bulletins regarding the St. Cornelius Renovation Project can be found on the Dufferin-Peel Catholic District School Board's website, www.dpcdsb.org, in the [About Us](#) Section under [Planning and Operations](#).
