An Important Message for Elementary Parents/Guardians from the DPCDSB ELEMENTARY LEARNING MODES

Thank you for your support in completing our most recent parent survey. Following reorganization, two modes of learning will exist: hybrid mode and remote only mode.

As stated in previous correspondence, reorganization will very likely mean that your child will have different students in their class and/or will be taught by a different teacher.

For more information on the different learning modes, please visit the DPCDSB website at [dpcdsb.org](https://www.dpcdsb.org).
