ELEMENTARY REMOTE SCHOOL UPDATE:

Thank you for your patience as we continue to assign over 14,000 students to teachers in the elementary remote school.

Although some students have received communication from their teacher, DPCDSB staff continue to develop class lists and, as a result, contact from the teacher will occur today or tomorrow with instruction beginning directly thereafter.

Please ensure that you or your child check his/her board email for any communication that may have been provided.

You can access student email by going to <https://students.dpcdsb.org/> and clicking on the “**Student Board Email**” icon.

In case you need to reset your child’s DPCDSB email password, please follow the instructions provided at the link below:
