

Me, Earl and the Dying Girl

This book is about two close friends named Earl and Greg, as they develop a friendship with Greg's childhood friend, Rachel. This was a pretty funny book. If you are looking to have a good laugh and something easy to read, this is the book to pick up. I would rate this book 8 out of 10 and would compare it to the book series *Diary of a Wimpy Kid*. My favourite character was Greg because of the way he talks, thinks, and acts awkwardly around other people.
