Greetings to the Goetz Community,

Quadmester 1 has finally come to a close. It is truly a milestone as we get one step closer to putting the less-than-ideal scheduling behind us. As we enter Q2, we are hopeful that this is the last time we will be using the word Quadmester! We are so thankful to al the staff (especially custodial) who have worked so hard to keep our school open and functioning and we continue to look for co-operation among all our students in maintaining adherence to the mask mandate. Thanks as well to our teaching staff who continue to generously give their time to extra-curricular events. Stay safe everyone!

A New Beginning!!

Quadmester 2 begins... Time gives us the opportunity to appreciate all that we have accomplished and to look forward to what new possibilities will unfold... Therefore, in anticipation of what is to come I invite you at this moment in time to pause and pray with me:

We awaken in our time to a Universe which is holy, to creation which is not an event in the past, but a living event of the present... We enter a new mode of human presence where we are not merely observers, but where each of us is a participant in this moment of evolution. Like all other creatures, we carry with us Wisdom and Values, the dynamics of the Universe. But unlike other creatures, we must choose whether and how we will live in harmony within this sacred web of creation... May we be open to the Source of All Being, Our God within and among us!... We have the capacity to wonder, and to celebrate this great mystery of existence within such a magnificent Universe!... In us the Universe enters... into a great celebration of itself.

We are part of the Dance, the Great Work, the Great liturgy which is the Universe unfolding. Glory to You, O God, Source of All Being!... This great Liturgy finds expression at this moment in us, gathered here in a posture of prayerful openness, with listening hearts, loving spirits and a holy wonder. May the sacred web that unites us with each other, our God and all creation, ignite communities of light and hope throughout the Earth. May we be open to the Source of All Being, Our God within and among us!... O Gracious, gentle Spirit of Love, Your energy permeates the Universe, Igniting Earth with Your Goodness, Truth and Beauty. Open our minds and hearts to a deeper awareness of our interconnectedness with You, each other and all creation. May we experience your unique presence within the sacred web of creation. (The Spirit of God is Always with Us at This Time, in This Place- Unknown)

Peace and Blessings
