Greetings to the Goetz Community,
Well here we are at the end of the Semester! After 3 years of unusual circumstances, we are finally back to normal! As staff and students struggle to tap into their memories for the best ways to navigate this stressful time, it is important to acknowledge that exams and CPTs are important and helpful to the educational experience. Not only do they help to synthesize learning, but they also create a beneficial level of stress that propels us to higher levels of achievement! There's pressure yes, but remember pressure makes diamonds! Best of luck everyone, and God Bless!

A Message from Our Chaplaincy Leader...

Hello Gators.

As we begin our exams later this week, let us be mindful of what we need to do and to be assured of God's presence and compassion.

Let us pray,

Loving God, source of all wisdom and understanding, help me to use my time wisely and my intellect the information needed to do my best and be successful in the writing of my exams.

As I prepare for my exams, help me to be attentive to that which I am retaining, and to make myself open to receiving the grace and spirit needed to be certain of your presence and love during this time.

We ask this through Christ, our Lord. Amen.

St. Andre Bessette, pray for us
