STUDENT E-PORTFOLIOS

Last month...

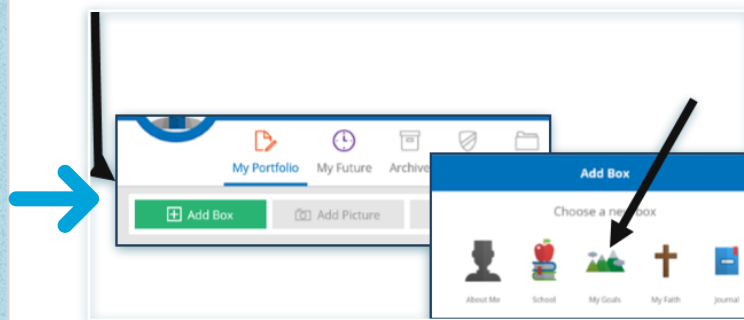

You had a chance to explore DPCDSB student e-portfolios: *All About Me* (K-6) and *Individual Pathways Plan* (7-8)

This month...

You will have the opportunity to further discussions with your child/children regarding their online portfolios. As your child continues to explore their e-portfolios and its features, they can add new pieces and reflections at www.myblueprint.ca.

All About Me K-6 Activities to Explore

Click on 'Add Box' and choose the 'My Goals' tab. You may consider discussing goals for Term 1 with your child and have your child add a brief reflection.

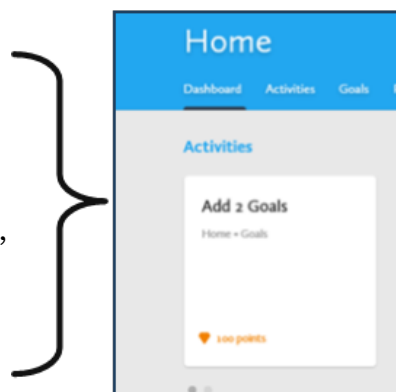

Individual Pathways Plan 7-8 Activities to Explore

Your child may be interested in creating two S.M.A.R.T goals for Term 1.

(Specific, Measurable, Attainable, Relevant, Time-framed Goals)

Possible types of goals: Education, Extra-curricular, Personal, Academic, Learning Skills

For grade 8 students, consider course selection and programs at their secondary school.

Considering the inquiry questions?
