

Geography of Canada: Modified – 1 Credit - Grade 9 Modified CGC1PM

This course focuses on geographic issues that affect Canadians today. Students will draw on personal and everyday experiences as they learn about Canada's distinct and changing character and the natural and human systems and global influences that shape the country. Students will use a variety of geotechnologies and inquiry and communication methods to examine practical geographic questions and communicate their findings.

Prerequisite: This course is for students requiring significant modifications to the CGC1P curriculum and permission must be obtained from the Head of Special Education and school Administration.
