

Visual Arts – Digital Photography 2 Grade 11 - Open
AWQ30

This course may be used as an art credit toward the compulsory diploma requirements. It is recommended that students will have taken the grade 10 photography course (AWQ20), or have a keen interest in and prior knowledge of photography. This course will further develop students' photographic skills by concentrating on manual modes of shooting. Special attention will be given to creating a portfolio of work to prepare for study at the post-secondary level. Students will explore portrait and studio lighting, product and advertising photography and Adobe Photoshop CS5 in greater depth.

Prerequisite: None (AWQ20 recommended)
