

Robert F. Hall Catholic Secondary School

To Know, To Love, To Serve God

June 28th, 2022

Dear Students/Parents/Guardians/Staff

The Dufferin-Peel Catholic District School Board strives to create a safe, caring, healthy and inclusive environment to all of its schools, including **Robert F. Hall Catholic Secondary School**.

In order to maintain a safe and secure learning and working environment for students, staff and community members, it is necessary to periodically undertake construction and renovation work at our schools. The following work has been identified for our school under an improvement program. Design work has commenced, tendering will take place during the summer and project completion will be in the Fall. Any work during school hours will be carried out after regular school hours, including weekends if necessary.

We do not anticipate any significant impact on regular school operations.

Proposed Work:

- 1) **Replacement of 20 water to water heat pumps supplying HRU 1 and 2 (heat recovery unit).**

It is the policy of the Board that during the renovation period, Board staff will ensure that all staff and contractors adhere to provincial regulations, including Ministry of Labour Health and Safety regulations, as well as the Board's General Administrative Procedures and Health and Safety Manual.

It is my practice to keep students, parents, guardians and staff informed of activities that relate to or impact on our school. If you have any questions regarding the construction project, please do not hesitate to contact me.

Sincerely,

Natalie Currah, Principal

cc: Tina Hinsperger, School Council Chair
Frank Di Cosola, Area Trustee
Jodi Kuran, Superintendent of Schools
Mathew Thomas, Superintendent of Planning & Operations
