2. Draw a diagram similar to the one below in the space for rough work.
3. In the square, write, “Yes, I agree with...” or “No, I don’t agree with...” (this will be the topic of your paragraphs).
4. Think about 2 or 3 reasons **why** you agree or disagree with the question. Write each reason in the ovals.
5. Think of an example for each reason why you agree or disagree with the question. Write an example below each reason you listed.
