Dear Parent(s)/Guardian(s),

RE: REGISTRATION FOR 2025-2026 GRADE 5 EXTENDED FRENCH PROGRAM

Any student who is eligible to attend a school in Dufferin-Peel Catholic School Board (DPCDSB) and who is presently a Grade 4 student is invited to apply for the Extended French (EF) program for Grade 5 in September 2025. The Extended French program starts in Grade 5 with 50% of the program taught in French at the elementary level. The subjects taught in French are *French Language, Social Studies, Science*, and **one** of the following subjects: *Visual Art, Music, Drama or Health & Physical Education*. This program offers an excellent opportunity for becoming functionally bilingual in later years.

The DPCDSB currently offers the Extended French program at 11 schools, each of which serve students from designated feeder schools. Students **must** apply to the appropriate Extended French location, based on their home school. See below for a list of Extended French location and their feeder schools.

Transportation is provided for eligible students in the program if they attend the Extended French location within their designated boundary. Both transportation and Extended French school locations are subject to board annual review and therefore subject to change. Boundary maps can be found on the [DPCDSB website](#) (under Programs and Services - Language – Extended French – Boundary Maps).

More detailed information will be available during the **virtual EF information sessions for parent(s)/guardian(s)** which will be held according to the region of the Extended French school. We invite you to attend only ONE virtual session as the information shared will be the same in both sessions.

APPLICATION PROCESS

The process for application, as well as the application deadline dates, will be shared at the Extended French Parent/Guardian information sessions. Applications will be available through the [DPCDSB Extended French Webpage](#). Please note, in the case of an application by same-age/same-grade siblings, the parent/guardian shall submit one application per sibling.

RANDOM SELECTION PROCESS

Should the number of applications exceed the number of spaces available, a school-based, computer-generated random selection process will be held following the application deadline.

Sincerely,

Carmel Murphy
