- Student Census. beginning on November 22, the Dufferin-Peel Catholic District School Board (DPCDSB) will be running its DPCDSB Student Census. This census is an online survey that collects information about students’ social identities associated with the protected grounds of the Ontario Human Rights Code, as well as information about students’ lived experiences at DPCDSB schools. Collection of identity-based data helps DPCDSB identify disproportionalities and disparities, which are signs of systemic racism and discrimination. Addressing systemic racism and discrimination aligns with Catholic Social Teachings of human dignity, solidarity, living in community, and rights and responsibilities. The Ministry of Education and Ontario’s Anti-Racism Act, 2017, requires

public sector organizations, including school districts, to collect identity-based data to identify and address systemic racism. Students in Grades 4-12 will complete the census during class time. Parents and guardians of students in Kindergarten to Grade 3, as well as students whose abilities require parent/guardian completion of the census, will be asked to complete the census online.
